

AUGUST 19, 2026

Chamber Updates.

We've activated the entire roster.

Every member has a Business Spotlight: a mobile-first page with their own photos, hours, reviews, and contact info (where available), editable through a private link.

578

MEMBERS WITH A LIVE
BUSINESS SPOTLIGHT

509

VERIFIED AGAINST A GOOGLE
BUSINESS PROFILE

100%

HAVE A PRIVATE
OWNER EDIT LINK

SINCE THE LAST CHECK-IN

01 A clearer edit dashboard

Example: [Hallpass Digital's edit page](#) →

02 Owners can change their thumbnail

03 Each page rescans its Google Business Profile monthly

04 Premium upgrade options, in testing

QUESTIONS FOR YOU

Three questions about the Member Spotlights.

01

American Nation Bank, Glen Rabe Motors, Love's Travel Stops and others have multiple entries. Are they members multiple times?

25 listings come from 6 organizations.

02

Do you have a way to share each member's unique links with them, or should we build one?

Every member has a public Spotlight link and a private edit link.

03

Which ChamberMaster member report should I download?

Different exports return different membership lists.

READY TO USE

LIVE

We've completed the Digital Chamber Recruitment Brochure.

- Built for the phone.
- Links to the **member directory**.
- Update it when information changes — nothing to reprint.

ryan-hallpass.github.io/chamber-benefits/brochure/

READY TO PRINT

FINAL

We've designed the Recruitment Postcard.

- Front: the pitch, the 500+ member count, and a **QR code** to the recruitment page.
- Back: four reasons members joined, a member quote, and the \$348/year starting price.
- Hand-delivered — the QR is what carries them to the digital brochure.

CUSTOMER JOURNEY — PROSPECTIVE MEMBERS

How a local business becomes a member.

Each step has one job: get them to the next one. The event invitation does the converting, not the sales pitch.

STEP 01

They receive the postcard, or you send them the digital brochure.

STEP 02

They land on the [Chamber recruitment page](#).

STEP 03

They sign up for a Business After Hours event.

STEP 04

Kelly follows up by email and sends the sign-up form.

Premium is in the product — free for six months.

6 months

FREE, THEN \$19 / MONTH

A member turns it on from their own edit screen. Nothing is charged during the trial, and they can turn it off at any time.

CHAMBER SHARE	HALLPASS SHARE
50%	50%

Pricing is a live test, not a launch. Every subscription is attributed to the Chamber for revenue share.

WHAT PREMIUM ADDS

01 Featured placement in the directory

TOP OF THEIR CATEGORY, WITH A BADGE

02 A video on their Spotlight

PASTE A YOUTUBE, FACEBOOK OR VIMEO LINK

03 Custom typography

NAMED DESIGN "LOOKS" FOR THEIR PAGE

04 Their own performance numbers

VIEWS AND CLICKS, EMAILED MONTHLY

THE BIGGER IDEA

An internal tool helps members. A destination brings them customers.

I asked Ryan Youderian at 1NB whether the bank would pay for premium placement in the directory. The answer names the whole problem:

"It depends on how people are actually using that directory."

Ryan Youderian — 1NB

That's the right test. Premium placement is only worth buying if people outside the Chamber use the directory. So that's what we build next.

Ways we bring traffic to the Member Spotlights and the Directory.

PLAY 01 — CHAMBER SOCIAL

Share the Business Spotlight.

When you post about a member, link their Spotlight instead of a plain photo. Same effort, and the post sends real traffic to a page with their hours, photos, reviews, and a link to their site.

PLAY 02 — EDITORIAL CONTENT

Content that doesn't read like the Chamber wrote it.

Guides people search for — *Best Local Restaurants in Ardmore, 8 Best Shops in Downtown Ardmore* — that stand on their own and link into member Spotlights. The first guides are live.

ardmore.townspark.app

Hallpass writes and hosts the editorial. It uses a separate voice from the Chamber's on purpose — a visitor trusts a "best of" guide differently than a membership page.

CUSTOMER JOURNEY — THE GENERAL PUBLIC

How someone who's never heard of the Chamber finds a member.

This is the path that makes premium placement worth paying for. It starts with a search, not with the Chamber.

STEP 01

They search Google for *"best breakfast restaurant in Ardmore."*

STEP 02

They click a listicle-style guide.

STEP 03

They click through to a member's Business Spotlight.

STEP 04

They click through to the Chamber directory to find other businesses.

When tracking metrics, we'll automate everything we can and leave Jordan with as little manual work as possible.

AUTOMATIC — FACEBOOK Every time a member is posted about Connect the Chamber's Facebook page once, and we log each post that mentions or tags a member, with its reach.	AUTOMATIC — NEWSLETTER Every newsletter they appeared in Forward the newsletter to one address and we read the member mentions out of it. Nothing changes about how Jordan sends it.	MANUAL — JORDAN The in-person things Ribbon cuttings, event attendance, committee service, referrals. Short entries, only for what a computer can't see.
---	--	--

The ask is small: connect the Facebook page once, and forward the newsletter. Everything else assembles itself.

What's next.

01 Review the links and tell me if you see any edits you need

YOURS TO CHECK BEFORE MEMBERS SEE THEM

03 Request API access from ChamberMaster

SO THE ROSTER SYNC'S ITSELF INSTEAD OF A CSV EVERY FEW MONTHS

02 Share the links with all members

EACH MEMBER GETS THEIR SPOTLIGHT LINK AND THEIR PRIVATE EDIT LINK

04 Send me your web person's contact info once you approve

SO WE CAN CHANGE THE URLS OVER

Thanks — good problems to have at this stage.
